OTTENHEIM.

Rube Adams is back on his old stamping ground working for Dr. J. T. Morris

The gale of last week destroyed and damaged a lot of fodder, scattering it all over the fields.

James Johnson, of Garrard, has purchased and moved to the Bryant Kidd place on Gilmore creek.

The James boys are through stripping tobacco and it is in fine shape and is pronounced by Joseph Marshbanks to be the best that he has seen this season.

The James Bros., who have been standing idle with their saw mill on account of the scarcity of water, are preparing for business since the recent rains.

We have found out since our last writing that a former resident of this place is enjoying the Ottenheim items in Fort Wayne, Ind., especially our clog dance write up.

W. T. White, of the firm of White & Davis, was married Wednesday to Miss Minnie Boone. They drove to Elder J. G. Livingston's and were married by that gentleman at his home. The bride is a handsome and accomplished young woman, while the groom is an energetic business man and both have a host of friends. Mr. White has bought the Abel Bryant farm for $1,650 and will move to it soon.

Mike Long, aged 15, is the champion sportsman of the hour, he having killed a large wolf on the Widow Grayson's farm. It measured five feet four inches and was no doubt the animal that has been causing so much excitement in this vicinity. W. Y. Chandler, who has traveled from ocean to ocean, pronounced it a genuine specimen of its kind and congratulated his nephew for doing such a brave deed.

Science has found a good substitute for everyone of the medical uses for which alcohol may be employed. As a hypnotic, as a stimulant, as a tonic, as a cleanser or an antiseptic, other drugs have been found or manufactured that are superior to alcohol. It is now recommended in hospitals and the sick room only in the cases of patients whose convivial habits have so enervated their systems that a stimulus is necessary and where there is no choice as to what kind shall be used. Alcohol may now be dropped from the pharmacopoeia without loss to surgery and medicine. The best that can be said for alcohol is that in certain rare instances it has done no apparent harm—Kansas City Journal.

A Grim Tragedy

Is daily enacted in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oaklandon, Ind., writes: "My wife had consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1 by Penny's Drug Store and Lyne Bros., Crab Orchard, Ky.

The annual consumption of ties on the 203,132 miles of railroad track in this country is 114,000,000. Every year finds it harder for the railroads to get their supply. Granite metal and concrete ties have been experimented with, but nowhere permanently adopted. In Europe the railroads have for a long time been treating their ties by various chemical processes, which have more than trebled their lives. The Bureau of Forestry at Washington has been conducting experiments along these lines for some time.

No last rose of summer
 Is known in the South;
But petals are red
 As a kiss-laden mouth.
From the first day of May
 Until May first again,
White roses, red roses
 And yellow. The plain
Is starred with rare blooms.
 No winter, nor drouth,
No last rose of summer
 Is known in the South.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Penny's Drug Store and Lyne Bros.', Crab Orchard, Ky. 25c, guaranteed.

Statisticians find that something like 2,000 vessels of all sorts disappear in the sea every year, never to be heard from again, taking with them 12,000 human beings and involving a money loss of $100,000,000. These figures show loss by wrecks at sea over all the world is six times less than that which occurs on the railroads of the United States each year.

MATRIMONIAL.

The Pulaski clerk issued 43 marriage licenses during the month of December.

William Meeks and Miss Arzonia Meeks were married at Highland yesterday.

Miss Christine Gillispie, third daughter of Col. C. C. Gillispie, of Somerset, was married last week to Will Delozier, of that city.

A. L. Hollis, aged 50 and twice a widower, and Mrs. Emma Catherine Lane, a widower of 32, were made one at Thomas Mason's yesterday.

Alabama planters are being urged by banking interests to grow more grain and potatoes, thus reducing the cotton acreage and preventing low prices for the staple.

Secretary of Agriculture Wilson says it would be necessary for the planters of the South to burn 2,000,000 bales of cotton to raise the market price. He thinks a better plan would be to hold the crop another season and reduce the acreage.

The marriage license clerk in Pittsburg says there is a decrease in the number of weddings there on account of the great increase in the cost of living. Can't Teddy come to the rescue of the poor who want to marry but are not able? He ought to do so; it seems that he can do almost anything else.

KINGSVILLE.

Some hungry person stole a pair of Pekin ducks from Mr. D. M. Creighton a few nights since.

Several of the C. S.'s high officials, also two detectives, were here looking into a recent velocipede smash up.

Miss Ora Griffin is visiting Dr. and and Mrs. Warren, at Woodstock. Mr. D. C. Allen, of Hustonville, was here. Mr. E. W. Creighton, W. L. McCarty's faithful salesman, is taking a short recreation with friends at Somerset.

Mr. Weatherford, our night operator, is ill. Champ Murphy, of Narka, Kan., is spending the holidays with relatives here. Mr and Mrs. Archie Francis and children have moved to W. L. McCarty's farm near Stanford.

Dr and Mrs. Warren and baby have returned to their home at Woodstock. Dr Warren will teach here again next year. Miss Lucille Johnson went to Lexington Thursday, where she will spend a week with Mrs. James Roy and will go thence to Verona to visit relatives. Miss Laura Dye has returned home after a pleasant visit to friends at Danville. Mrs Charles Trusty and baby are visiting at Georgetown. Miss Helen Sweeney, of Williamstown, is visiting her homefolks.

A Correction.

The recent statement in the INTERIOR JOURNAL that I got no votes in Madison or Garrard counties as the prohibition candidate for Congress is incorrect. A few days after the election Mr. B. V. McChesney, secretary of State, very kindly wrote me, stating that the canvassing board from Madison county had not reported any votes for me, but evidently votes had been cast for me in that county. He also wrote that it was not in the province of his office to notify boards of failure to report all votes, but suggested that I write to the sheriff of Madison county, and offered me the privilege of enclosing his letter with mine. I did so and still no report was sent. At my request a few days ago the clerk of the Madison county court sent me a certificate signed by the canvassing board, viz: John F. Wagers, sheriff Madison county, Waller Bennett and T. J. Smith, stating that I received 62 votes in Madison county. Garrard county returns show 60 votes for me but none were reported. Both cases are in open violation of the Kentucky election laws and will be further investigated. Very truly,

Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. PORT ARTHUR SURRENDERS.

Russians at Last Give up Their Long and Hopeless Fight.

The long siege of the Japanese at Port Arthur has terminated successfully and the Russian Gibraltar has surrendered. It is expected that the city will be occupied by the Japanese forces. At 9 o'clock Sunday night Gen. Nogi, commanding the Japanese army of investment, received from the Russian General, Stoessel, a note saying that he found further resistance useless and asking for a meeting to arrange terms of capitulation. The note was simple and direct and the Japanese General immediately named commissioners to confer with representatives of the Russian commander. They met yesterday to arrange the conditions of the surrender. The articles of capitulation were signed at 9 o'clock last night, according to advices received in Tokio. The terms are not known, but reports from the Japanese capital indicate that they will be magnanimous in character. Even the Japanese admire the stubborn defense that was made by Gen. Stoessel, and the defenders probably will be allowed the honors of war.

There is a report at Tokio to the effect that the Russians yesterday blew up several of their vessels at Port Arthur. Torpedo boats have reached Che Foo and are being closely watched by Japanese craft.

MILLEDGEVILLE.

Mr. and Mrs. John Russell, of the Bowen Station vicinity, have been bereft of three bright, pretty daughters in the past 13 months. On Dec. 4th, 1903, little Sarah Francis, aged nine, was taken; on Nov. 17, 1904, the baby, Cora Lee, aged two years, died of the whooping cough; on Dec. 27th Malena Isabel, the oldest, aged eleven, the brightest pupil for her age in Mrs E. L. Grubbs' school this fall, died, leaving two little brothers and one sister, Mary Amanda, to comfort the sorrowing parents. All the children were interred in the Junction City cemetery. Mr N. M. Buchanan, the Milledgeville groceryman and general trader, is the grandfather of these children.

Prof. E. L. Grubbs, who has taught the public school here for the past six months and who has with a few exceptions given general satisfaction, closed his school Dec. 30th with a treat of apples and candy to the 35 pupils. The last week was taken up with written reviews, instead of rehearsing for an entertainment. Miss Pinkie Fox received the highest general average, 89. Maxe Ashbacher the second, 86 and and Irene Epperson third, 83. The V grade spelling prize was won by Irene Epperson; the III grade by Maxe Ashbacher; the II grade by Eugene Rice; the First Reader prize by Lizzie Hughes. Lucien Meyers was the best in deportment. No one was present every day, but Irene Epperson missed only one day, and that from sickness. The census enrollment was 92, the school enrollment 61. The general average attendance was 34.

1905.

Now whether you are old and sere,
Or t'other side o' twenty,
We hope 'twill be for you a year
Of endless peace and plenty!

IF Kentucky got appropriations in proportion to what she pays into the Federal treasury she would fare better than all other States in the Union except three. The government lives off the internal revenue collections and the custom taxes. But three States pay more internal revenue tax than Kentucky. Illinois leads, with $52,464,271-59 New York is second, and pays $26,375,125 38 into the treasury. Indiana takes third place by paying $24,102,371-88. Then comes Kentucky with a big stream of gold running into the treasury amounting to $21,097,416 31. Ohio and Pennsylvania, two States which feed more off Uncle Sam than perhaps any others, are behind Kentucky.

A PROMINENT republican from Baltimore was in the city, says a Washington dispatch, and while here was accosted by one of the few democrats left in the country, with: "I say, you republicans ought to be mighty happy; you've got the House, Senate, president and everything else." "We have got the House and Senate pretty certain, but I don't know so d—n much about having the president," was the gloomy reply.

JUDGE HARGIS, of Breathitt, says he would resign as sheriff, if he were such, before he would hang a man. From testimony adduced in the Marcum damage case at Winchester one would conclude that the "jedge" is not so averse to bringing about the death of his fellow man in other ways as he is to doing so by the rope route.

THE close of business for the year in the auditor's office shows a balance of $1,790,320 36 in the State treasury, exclusive of all warrants and claims issued, which is probably the largest balance at any corresponding period in the State's history. Three cheers for Gov. Beckham and the other democratic officials.

The New Year's reception at the White House was distinguished for its brilliancy. Official and resident Washington extended the greetings of the season to Mr. and Mrs. Roosevelt, nearly 8,000 persons paying their respects.

President Roosevelt surprised Washington by taking a walk down Pennsylvania Avenue into the business district for the first time. No secret service men were with him and the president regarded it as a joke that he had "escaped his guards."

The supreme court of Colorado ordered a sweeping investigation of the alleged frauds in the city and county of Denver. Every phase of the election will be scrutinized and the contents of the 204 ballot boxes examined by hand writing experts. Both Gov. CUMMINS & MCCLARY gave each of the four churches a Christmas present in the shape of a check for $8 90—that being five per cent. of their sales for the four days preceding Xmas. This is a most commendable move on the part of these excellent young men and up-to-the-minute haberdashers.

INSTANTLY KILLED.—Jesse Hobson, aged eight, was run over by a freight at Maywood and instantly killed about 10 o'clock Saturday morning. The little fellow, with several playmates, attempted to get on the train and fell under the wheels. His home was in Taylor county and he was visiting his grandfather, Mr. W. P. Stephenson, postmaster and agent at Maywood.

ONE of the enjoyable gatherings of the week just ended was the Progressive Flinch Party given by Mrs. J. C. Hays to some 30 of her friends Saturday evening. Delightful refreshments were served and everything was done that would add to the pleasure of those who were fortunate enough to be present. Mrs. G. B. Cooper won the prize—a handsome bunch of carnations.

THE opening of the McKinney Deposit Bank at McKinney yesterday was a big event in that town. There was a stream of callers all day and all of them were accorded the most courteous treatment by the officials. Following are the officers: E. J. Tanner, president; O. G. Harrison, cashier; F. M. Ware, vice-president; Dr. J. C. Barker, 2nd vice-president. Directors, K. L. Tanner, S. M. Owens, J. F. Cash, John M. Carter, J. W. Bailey, W. A. Coffey, W. T. S. Blackburn, Dr. C. M. Thompson.

CUTTING TEETH AGAIN.—Mr. William Warren, who is 81 years old, is cutting a tooth. His gums pained him and he went to Dr R. L. Davison for relief, when he was informed that a brand new tooth would make its appearance in a few days.

IN a head-on collision between freights just north of McKinney this morning Engineer O'Connell had a leg broken, two engines were badly demolished and 12 or 15 loaded cars were torn up. One freight was running at 30 and the other 10 miles an hour. A mistake in reading the meeting order caused the trouble.

THE reception given by Miss Bessie Yantis at her pretty home on Lancaster Avenue Friday evening in honor of her friends, Misses West and Lear, of Lancaster, was a most happy social event and one that the younger set will not soon forget. Miss Yantis proved herself a charming hostess and made her friends feel that it was good to be there. At the proper hour a toothsome lunch was elegantly served and liberally partaken of. It was midnight before the 40 or more guests could get their consent to leave the happy scene.

SLACK.—Mrs. Mary J. Slack, aged 73, died at the home of her daughter, Mrs E. H. Beasley, on Danville avenue, Sunday morning as a result of a fall she sustained a year ago. Funeral services will be held at the Beasley home at 10:30 to-morrow morning by Rev. Gilbert Glass, after which the remains will be interred in Buffalo Cemetery. Mrs. Slack was a member of the Congregational Church, a good woman and she bore her sufferings of the past year with much fortitude. Mrs. George Clark, of Chattanooga, and Mr. Edgar Slack, of St. Louis, daughter and son of the deceased, are here to attend the burial. Mr. Will Beasley and wife, of Cincinnati, will arrive to-night.

AT the last meeting of the directors of the Lincoln County National Bank the following testimonial was spread on the records and ordered to be published in the INTERIOR JOURNAL: "Dr. John B. Owsley has been cashier of this bank, under its various changes of name, since April 2d, 1870. Though he had no experience in this line of business, it was evident from the first that he was a financier of the first order, and this, coupled with his strict integrity and high sense of honor, has given this institution such standing in the commercial world that its stock has always been in demand, often bringing in the market a price far in excess of its intrinsic value. With him at the helm there was never reason for doubt that the bank would weather the many financial storms that have swept the country in recent years. He has made of this institution, what all banks should be, a helper and not an oppressor of the poor. To-day its strongest and most valued clientage consists of men who owe their financial standing to him, men who have been aided by him when the only security they could offer was worth and integrity. His power of detecting these traits almost amounts to genius and applicants with these collaterals have rarely been refused indulgence. In short, during his whole tenure he has energetically and successfully devoted his time and talents to the welfare of the bank. His resignation is received with regret; yet, in view of his long and faithful labors, we can not deny him the rest he so richly deserves. In parting with him we can truthfully say: "Well done, thou good and faithful servant."

REWARD.—Please return our Fence Stretchers at once and receive reward. George H. Farris & Co. •

STATEMENTS of Lincoln county's four solid banking institutions appear on our fourth page. It will be seen that their combined individual deposits amount to $559,771.98.

ELD. JOSEPH BALLOU paid Mr. Jno. Bright (Red) a splendid compliment in his sermon at the Christian church Sunday morning by saying that he was the best posted man on the Bible in this section. "He knows a great deal of the scripture by heart and is yet a hard student of the good book," he added.

MR. E. B. DENHAM, who recently sold his coal and feed business at Rowland to Buck Bros., asks us to thank his patrons for their liberal dealings with him. His father, Mr. W. R. Denham, will continue in the wholesale coal business while the son will likely attend a business college for a term or so. During the six months he was in business at Rowland Mr. Denham tells us he sold 60,000 bushels of coal and 80,000 pounds of hay and lost not a cent by bad debts. His profits during the period were $985 10.

A LOT of Renotown Negroes filled up on whisky Monday evening and went out Lancaster Street yelling and "taking the road." When a Logan Avenue citizen asked them to keep quiet one of them gave him a little "sass," whereupon he went for the Negro with a stick. Marshal Jones was phoned for and with his son came in a hurry. It was necessary for the officer to use his billet pretty freely before the rascals were brought to their senses. Several of them took home with them bruised heaps but they won't fare even that well if they repeat the offense.

AS stated elsewhere, Dr. J. B. Owsley, who had served as cashier of the Lincoln County National Bank for 35 years, on his own accord stepped down and out Friday afternoon and Mr. W. M. Bright, the bank's faithful assistant cashier, was chosen in his stead. The regret at the doctor's resignation is shown to some extent in the resolutions passed by the Bank's directors and published elsewhere. We heartily concur in all the good things said and with the directors hope Dr. Owsley will thoroughly enjoy his well-earned rest. He will spend a few months with his son, Mr. E. P. Owsley, who is himself a successful banker at Columbus, Ga., after which he will return home and put in a portion of his time looking after his large private interests. The doctor will always feel a deep interest in the institution he has served so long and well and we predict that he will frequently be found in his accustomed seat behind the counters of the Lincoln County National Bank.

SPRAGGINS WELL AGAIN.—I see that it is proposed to change the name of Spraggins' well to Welch's well. Would it not be better to keep up the connecting link with the early residents of Stanford? Let us go back to the name of the man who had it dug. A man named Arch Perrin had it done. There is a tradition that a few years after he had the well dug one of his sons was taken down with fever; had several physicians attending him. He was so very low the doctors said he could not live and asked the father to tell him. His father went into the sick room, took a seat beside his boy's bed and told him he could not live. It did not seem to disturb the son. The boy lay awhile then said to his father: "Father, I have a request to make." The father asked him what it was. "I want as much water as I can drink out of the well." The father reasoned with himself thus: If he is bound to die, it cannot hurt him, and he wants it, so he took a pitcher, went out himself and drew it full of water, took it to the sick boy, raised him up and gave him a good drink, laid him down and very intently watched him. The boy lay a few minutes and asked for another drink. He gave him the second one and carefully and tenderly laid him down. The boy asked him to turn him on his side and the father did so. Still remaining by his bedside with eyes anxiously fixed on the boy, soon discovered that his son was sleeping. In a short while he placed his hand on the boy's forehead and found he was perspiring and sleeping as sweetly as an infant and he improved from then until restored to health and strength. B.

WM. ADAMS & SON, Lexington, Ky.

Owing to the busy season in our Jewelry Store I will have to discontinue my visits to Stanford until Spring.

Headaches, granulated lids, stys, pain in and around the eyes, nervousness, etc., are often the results of eye strains. We straighten crossed eyes without the knife, scissors or pain. We use no medicine in examination or treatment of the eyes, nor do we perform any surgical operation.

Results Count—Dr. Murray fitted glasses for me that have given most perfect satisfaction, more than any I ever had. The glasses fitted for my aunt, Mrs. Dudderar, of McKinney, are also perfectly satisfactory.
Luanna Gentry, Stanford, Ky.

The glasses you fitted for me two years ago have given me better satisfaction than any I ever had on my eyes. J. W. Rout, Stanford, Ky.

Thanking the people for their liberal patronage,

Dr. E. H. Murray,

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequaled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 15,000 acres to the tract and prices from $8 per acre to $26 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
